

Honors Concert Recommendations

Young
Musicians
Festival

Please include up to 11 of the top soloists and ensembles who you feel will give a solid performance. Rank them according to your recommendation because they all won't necessarily be selected by the committee. As you look at each performer's "total performance package," some things to consider *could be* scores, memorization, stage presence, choice of literature, audience appeal, etc. However, this is purely subjective with no required criteria. Ultimately, you get to pick your favorites. All grade brackets, including adults, are eligible for the concert but aren't required to be represented if they don't have a solid performer ready. Participants can perform any style of music, and have been encouraged to memorize, particularly pianists and vocalists.
